SHOOT WITH AIR

Innovation is the driving force behind Umarex. This forward thinking mentality has led to name-brand partnerships and the development of cutting-edge airgun technology. From the beginning, Umarex has been a leader in firearm replicas. The “King of Replicas” represents well-known firearm brands such as Beretta®, Browning®, Colt®, GLOCK®, Heckler & Koch®, Marlin®, Ruger®, Smith & Wesson®, and Walther®. Over the years, Umarex has become a household name because of the attention to detail and technology that goes into making each air rifle and pistol. Today, Umarex continues to break ground in the airgun industry by pursuing patented inventions and creating new products that deliver exceptional performance and quality.

BUCK MARK® URX

Single-shot break barrel design

 **BUCK MARK® URX**

One of the newer handgun designs to bear the Browning name is the Buck Mark® rimfire pistol. We've taken this favorite of campers, hunters, and target shooters and made an easy cocking, accurate air pistol that's hard to put down. The Buck Mark® URX shoots .177 caliber pellets and features a Weaver-type rail for mounting an optic.

 **FEATURES**

- Lightweight and easy to use
- Spring piston break barrel
- Integrated Weaver rail
- Fixed front sight blade
- Adjustable rear sight
- Automatic safety
- Rifled barrel
- Ergonomic ambidextrous grip
- Single-stroke cocking mechanism

UMAREX[®] AIRSOFT

The "King of Replicas" doesn't stop at making quality firearm branded airguns. Umarex brings the same attention to detail of its airguns to its extensive line of high quality airsoft guns. These plastic BB firing replicas offer the opportunity for shooters to apply their skills on the range with a variety of airsoft pistols and rifles. From spring-powered pistols to automatic electric guns, there's not a practice drill, simulation, battle, or competition that can't be won with an airsoft gun from Umarex.
